# The GARSzette

The official newsletter of the Gwinnett Amateur Radio Society

April 2010    <http://www.gars.org/>    Volume 19, Issue 4

## A note from the President ►

We have had quite an exciting March, and April is shaping up to be a lively one too! GARS has been proud to help Hall and Gwinnett ARES by allowing them to run a very educational series of FLDigi nets on Thursday nights on our repeater system. FLDigi is a really nice program for use in emergency communications as well as for serious HF radio play. It handles logging, rig control, and a multitude of modes such as PSK31, RTTY, Olivia, Domino, CW, and a deluge of others. I am glad we were able to offer our repeater system to ARES for their teaching exercises.

Speaking of the repeater, we are linking our 6m and 2m repeaters together now for our Monday night "Want, Sell, Swap, and Information Net." This is similar to what we do with our Wednesday night "Round Table Net" where we discuss interesting things related to ham radio.

The GARS executives voted unanimously to make a \$100 donation to the 3W6C DXpedition. SEDXC in combination with long time DXpeditioner (I may have just made up a new word!) Bob Allphin K4UEE, are helping to activate this DX entity, which is the 38th most needed entity in the Eastern United States. Both SEDXC and Bob Allphin have been good to GARS over the years, and it was our pleasure to return the favor and help to make this DXpedition a reality. <http://www.3w6c.qrv.ch/> for more information.

GARS now has a great new website. It has a fresh new look. Please take a look at <http://www.gars.org/> and let us know what you think.

After many years at the same location, our traditional Field Day location will be under construction and we have been forced to move. We tentatively have a new location chosen, so please check back with us as the date approaches for final information on the exact location.

The Georgia QSO party is coming up on April 10th and 11th. We have a group of GARS members going down and activating Greene county and representing us remotely. Everyone is welcome to come with us and participate from down there. If you cannot come to Greene county, then please work us on HF from home. <http://gqp.contesting.com/>

Finally, we have a great program coming up in April, when our own Joel W4JOL will be putting on a program about Search And Rescue and emergency communications. There will be a demonstration by a SAR dog, and a guest speaker will talk about SAR operations in Haiti.

Thanks to all our members, past and present for making GARS the GREAT organization that it is.

73, Kyle, W4KDA

## GARS VE Testing News►

On the third Sunday of March (3/21) GARS held their regular monthly VE testing session at the Lawrenceville Masonic Lodge. Despite the rain, we had 4 applicants and everyone passed! We now have 3 new Technicians and 1 upgrade to General among our ranks. The following VE's were there to make this possible: Frank Sauciunas - KF4TQV, John Kludt - K7SYS, David Bruse - W4DTR, Bill Cherepy - WB4WTN, Royce J. Stovall - KD4EXY, and Brian Page - N4TRB.

*Additionally*, Will Perkins - W1ZRV taught a Technician HamCram class on Saturday, March 27th which the GARS VE team attended to hold a special VE session at the end of his class. There were 14 people who took Will's class and the Technician exam, and 13 of them passed! Nice going Will! We also had one additional applicant who didn't take Will's class but just came for the testing session and upgraded to General. The following VE's were there to make this possible: David Bruse - W4DTR, Bill Cherepy - WB4WTN, Mark Fehligh - WA6NGC, and Mike Weathers - ND4V.

As a reminder, this year we will not be holding a VE testing session on Father's Day, June 20. If you have any questions about taking an exam, or if you are interested in becoming a VE, please feel free to contact me - my call sign at ARRL.NET.

73 - Dave Bruse (W4DTR).

## On the World Wide Web► by Mike Weathers, ND4V

**AC6V.com** has to be one of my favorite web sites. According to Alexa.com which gathers site statistics, this the number five visited ham radio site on the web. It has over 133 pages, 6000 links, and 700+ ham radio topics. Rod Dinkins, AC6V went silent key in February 2008 but the site and his call sign live on. The site is maintained by his son, Jeff Dinkins now AC6V.

Need a copy of PART 97 regulations? Visit the ARRL website <http://www.arrl.org/FandES/field/regulations/news/part97/>

Still need North Dakota for your worked all states?

**obriensweb.com/sked** is a website where you can meet like minded hams who are trying to collect WAS, DXCC, VUCC and other awards via the Log Book of the World. You will be asked to login. When you do, your call and state will appear in an info box. At the bottom of the screen is an input box where you can type a message. If you see that KD4POJ in North Dakota is logged on, you simply type: KD4POJ can you meet me on 14.070?

It's a friendly bunch and he'll probably tell you to start calling him. I was amazed to find that most of the guys upload to LOTW after every contact.

Worked H44MS and have no idea how to get a QSL card from him? Go to <http://www.ik3qar.it/manager/> In the search box enter H44MS and you'll see that DL2GAC is the manager and his address is there too! This site is particularly helpful where the route changes. For example through 2000, TI8N was via Kecko Diaz, TI5KD. However, beginning in 2001 Joe Acure, W3HNK took over the duties. Not everyone is there, but you'll be amazed at the number you can find.

Know of an interesting amateur radio web site? Send a note to Mike, ND4V@arrl.net

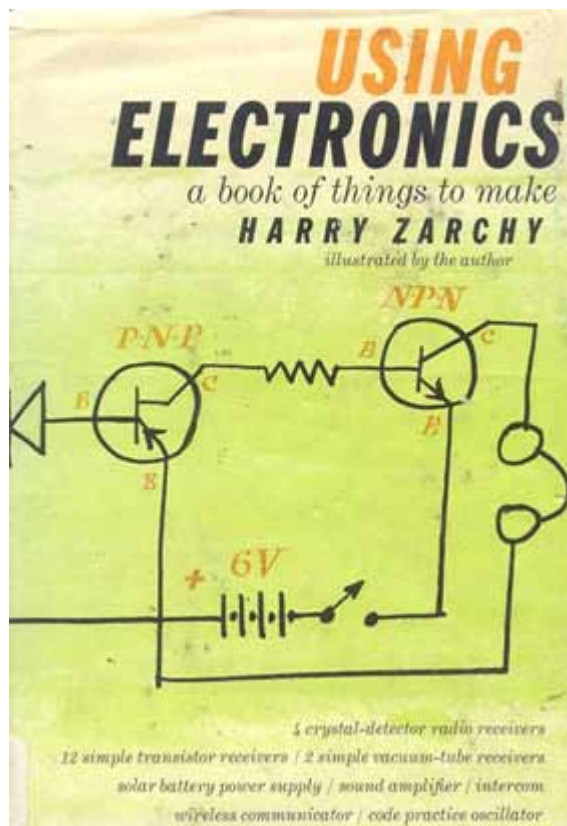

## Gwinnett ARES Weekly Training Net►

each Monday evening at 9:00pm GARS Repeater 147.075+ (82.5 PL).  
Regular meetings on the fourth Tuesday each month.

### My Start in Amateur Radio by David Harden KJ4CMY Part 2

Later, as our family lived overseas, I enjoyed short wave even more. In some of my military duties across Europe, I was deployed to areas where there was nothing in English available locally. Short wave was the only way to hear anything on the radio in English.

When I was in Cub Scouts, they had a project of building a one-tube radio, and a two-tube radio. I do not remember them working, but I do remember other radio projects working. We built a crystal diode radio, and it picked up a local station without any batteries. That was fascinating! One other time, we built a radio using an old razor blade, a lead pencil point and a safety pin as a detector. That worked, and it fascinated me. I later checked out a book from the school library on electronics, *Using Electronics*, by Harry M. Zarchy. It was a book that would shape my life. They had schematics in there for one-transistor radios. They worked even better than the diode radios. They were much louder which meant you didn't have to strain to hear the station. By now, I was hooked. I had that book out for the better part of a year. Later, my father helped me build an AM radio transmitter. I had a lot of fun with that. It was to later change my life.

I was amazed that I could hear someone speaking through a razor blade and a pencil point. I would tune in the AM radio at night and listen to stations over a thousand miles away. It was sort of natural that I wanted to be one of those announcers. It has always been a dream, even though I lacked the talent to do so. I had little interest in short wave radio while growing up

One time, we had a ham radio operator at our Cub Scout meeting. He brought his HF setup and with the antenna on the back of his car, he was able to work several states, I thought that was “cool”,

Part 3 next month, or view the complete story on the web. <http://w4gr.net/stories/KJ4CMY.pdf>

## BSA Venture Crew 73 Wants You►

If you are between 14 and 21 years old, enjoy outdoor activities and have an interest in radio technology, Venture Crew 73 is for you.

- Venture Crews are part of the Boy Scouts of America.
- Venture crew 73 is chartered by the Gwinnett Amateur Radio Society.
- Venture crew 73 is coed.
- Meetings are on the second Tuesday of the month, 7:00 p.m., at the St. Marguerite D'Youville Catholic Church, 85 Gloster Rd. NW, Lawrenceville, GA 30044.
- Crew 73 is a youth-run organization, which means that our Crew President and other youth plan the Crew's outings and activities each month. We enjoy:
  - o Camping
  - o Hiking
  - o Horse Back Riding
  - o Shooting Sports
- Crew activities usually mix high adventure and the use of amateur radio.
- For more information, either show up at our next meeting or contact:  
Steve Back, WB2OGY,  
Venture Crew 73 Committee Chairman
  - o Phone: 770-712-9069
  - o Email: [committeechair@venturecrew73.org](mailto:committeechair@venturecrew73.org)or Jeff Lee, AF4JL, Venture Crew 73 Advisor
  - o Phone: 678-475-3165
  - o Email: [advisor@venturecrew73.org](mailto:advisor@venturecrew73.org)

Mark your calendars for the **April 13th GARS meeting**. This one you won't want to miss!►

The topic for the evening is ***Communications in Search and Rescue*** and Joel Barrett will be bringing in the Alpha Team Search and Rescue (ATSAR) K9 search team to speak on several topics. We'll start off with ATSAR's Susie Braswell giving a presentation on SAR efforts performed while she was in Haiti. Then ATSAR K9 Handlers will perform a mock search using air scent dogs. Next Joel Barrett (GARS Net Manager) will discuss communication solutions and typical equipment ATSAR carries in the field. Last, ATSAR officers will discuss a recent callout and the challenges the team faces.

We expect this to be an engaging presentation that generates lots of questions.

**Hope you can make it!**

## A Great March Program►

Radio

Communications

Today by 1LT George Allen and SSG Anthony Daniel of the 420 Signal Company, 560th BFSB

## Field Day 2010

by David Adcock, KA4KKF  
Field Day Chairman

We're moving to ...  
Sweetwater Park  
3310 Summit Ridge Parkway  
Duluth, GA 30096

This year will bring change to GARS annual Field Day. We will be at a new location with new challenges. The location is closer to Lilburn area and where we hold our Club meetings. The reason for the move is Rhodes-Jordan Park will be renovated starting June 1st. It will be a construction zone and no one allowed inside. So we can look back on the past 13 years at the park with fond memories of great Field Days.

Maybe we'll be able to use the new location for the next 13 years.

This pavillion will be newer and accomodate more people. We should be able to get 8 stations under it with no problem and still have 15 feet or so of separation. Plus this does not include the centrally located gathering place to meet and eat. If you have a chance, stop by and wonder around the park.

We are looking to operate 8 ALPHA again this year. We will have 75 phone, 40 phone, 40 cw, 40 psk, 20 phone, 20 psk, 15 phone, 10 phone, (6m vhf, Satellite).

We'll need your help in manning these stations for the 24 hour period.

We need an experienced Satellite operator to snag a couple of passes too. Please send me an email if you want to help in any capacity.

Look for upcoming information on how you can help with GARS Field Day

**Talk-In: 146.820(-) PL 146.2    GPS: Lat 33d 53' 59"N Lon 84d 35' 29"W    Handicapped Parking Available**

# March 2010 GARS General Meeting

March 9, 2010

1. Kyle Albritton, W4KDA, President, called the meeting to order at 7:00 pm.
2. Introductions by members present were made.
3. Kyle Albritton, W4KDA announced:
  - a. Apparel orders will now go to Ralph Pickwick, KJ4CNC, Treasurer
  - b. Board voted to give \$100 from the general fund to the 3W6C DXpedition operating out of Con Co Island(AS-185) in Vietnam
  - c. Norm Schklar, WA4ZXV will be chairman for Techfest 2010
  - d. GARS Scholarship fund started in 2001 will be managed by ARRL
  - e. David Adcock, KA4KKF has created new GARS website
  - f. GARS now has a facebook page
  - g. Dorothy Jubon, N2DLJ will be GARS Public Information Officer(PIO)
  - h. Susan Swiderski, AF4FO has volunteered to be the club historian
4. Norm Schklar, WA4ZXV announced details regarding GARS participation on the GA QSO party April 10 & 11
5. Committee reports:
  - a. Treasurer – Ralph Pickwick, KJ4CNC, reported on account balances:
    - i. Checking Account - \$3629.21
    - ii. Money Market - \$2355.74
    - iii. CD – \$6159.97
    - iv. PayPal - \$17.00
    - v. Cash on hand - \$24.00
  - b. Program Manager – Sandy Jackson, KJ4DRO, announced information about the program for the April meeting. Program will be on Search and Rescue. Joel Barrett, W4JOL, will talk about SAR communications and equipment. Canine handlers from Alpha SAR team will demonstrate canine search techniques and talk about SAR experiences from Haiti.
  - c. Membership – Bill Cherepy, WB4WTN, had the following applications for membership:
    - i. Kevin Whitney, KJ4SUJ, technician class
    - ii. Philip McCleary, N4LNE, general class
    - iii. Alvin Hartley, KJ4QIA, technician classAll were voted into full membership.
  - d. Repeater – David Adcock, KA4KKF, reported that the repeater controller is still not as completely stable as we would like.
  - e. VE Teams – Dave Bruse, W4DTR, reported that there were several upgrades and new hams from the last VE test session.
  - f. Steve Back, WB2OGY, Venture Crew 73 Charter rep. made a report about the Scout Centennial service project. Several amateur radio operators assisted in communications for the event.
6. Earl Whatley, AF4FG, announced that buckets were needed for the Dacula Memorial Day parade.
7. Break
8. Bill Cherepy, WB4WTN, introduced 1st LT George Allen and SSG Anthony Daniel from the 420th Signal Company of the Georgia Army National Guard. They presented a program on Military Communications.
9. The program for next month will be on Search and Rescue.
10. Prize drawings were held.
11. Field Day will be at Sweetwater Park – 800 Bethesda School Road, Lawrenceville, GA 30044 on June 26 & 27
12. The meeting was adjourned at 8:40 pm.

## **Anonymous Donation made to GARS ARRL Scholarship Fund.**

As you will read in the note below, GARS Scholarship Fund is the recipient of a \$5000.00 donation. This should serve as a reminder to anyone needing to make donations, or set up a trust.

GARS is a 501c3. As always, consult your tax or estate consultant for specific details.

March 9, 2010

On behalf of the Board of Directors of the ARRL Foundation thank you for your recent contribution of \$5,000.00 to support the Gwinnett Amateur Radio Society Scholarship Fund.

Your contribution will enable the ARRL Foundation to provide grant awards to ham radio organizations that dedicate their time and energy to introducing Amateur Radio to young people. Those awards play a significant role in inspiring the next generations of radio volunteers.

Thank you again for your contribution.

Sincerely,

A handwritten signature in black ink that reads "Tom Frenaye".

Tom Frenaye, K1KI  
President  
ARRL Foundation

# The Georgia QSO Party▶

What? It's a party. It's a contest.

When: April 11 and 12 1800Z Saturday until 0359Z Sunday and 1400Z to 2359Z on Sunday

Where: From your main station, portable station, or mobile (rover) station.

Objective: Work as many stations as you can

Why: Prizes and certificates.

See: <http://gqp.contesting.com> (there ain't no www in this link....)

Did you know that Georgia has more counties than any state other than Texas? It's true and there are many stations out there who want to work all of them. Trouble is that there are a number of Georgia counties that don't have any hams in them.

The Georgia QSO party is an opportunity for us in Georgia to host an event in which we try to activate a station in every Georgia County. The sponsors (South East Contest Club and Southeastern DX Club) provide plaques for out of state stations that score highest in their division. In-state operator compete for certificates and plaques too. Details on the website. By the way, just cause you're in state, doesn't mean you can't snag some of those rare counties for your own log.

One can compete as either a high power, low power, or QRP station. One can dedicate themselves to a mode: phone or cw. One can pick a favorite band ... 6m thru 160. The contest exchange is short and sweet. Georgia stations give a signal report and their county (abbreviation on CW). The abbreviation for Gwinnett is GWIN. If you are adventurous, there are a few counties that still don't have announced activity.

Because Georgia is the largest state east of the Mississippi, the rovers usually need some time to get in place. Therefore the contest starts on Saturday at 2 pm local time and ends at bed time. Sunday, it picks back up at 10 am and runs until 8 PM.

The GA QSO party is one of the best in the country. There are some serious county hunters all over the world who scope out the routes that the rovers have planned and they plug them into mapping programs to figure when someone will be in Twiggs or Jeff Davis or ... you get the idea.

Reserve an hour that weekend and call CQ GQP. Listen for Paul Newberry (N4PN) operating cw mobile at 30 wpm and 60 mph (or is that the other way around?) Listen for DL3GA calling CQ GA, CQ GA and chasing down the tough ones.

Last but not least, listen for W4GR operating from GREE - work us. Big prize to the club member who works us on the most bands and modes.

## GEORGIA QSO PARTY 2010

APRIL 10 AND 11

Annually, the second **full** weekend of April

There are two operating periods:

1800Z Saturday until 0359Z Sunday

1400Z to 2359Z on Sunday

### ***Metro Atlanta VE Exam Schedule***►.

GARS publishes Metro Atlanta VE exam schedules as a service and is not responsible for errors or changes. Call and confirm schedules before going. All sessions are walk-in. Take copies of current license and certificate of completed elements with you to all sessions. Find additional sessions online at [www.arrl-ga.org](http://www.arrl-ga.org).

First Saturday, Even Months  
9 a.m.

EOC Building  
Butch Nitz, AF4FS  
(770) 968-8780

First Wednesday 7 p.m.

### **GARS Sponsored VE Testing**

These tests are given at 3:00p.m.  
on the third Sunday of every  
month except December.  
If you want to take a test, you  
should bring a photo ID (e.g.  
driver's license, student ID, etc.),  
your original license (if you have  
one) and a copy of the license, as  
well as original CSCE and copy for  
prior elements passed. Minors must  
have two forms of ID and a Social  
Security number. Be sure to  
bring a pen and pencil with eraser,  
a calculator with its memory  
cleared, and an exam fee of \$14  
cash (checks are not accepted).  
Walk-ins are welcome.  
No pre-registration is required.
